YOUNG DEALERS GROUP REGISTRATION

SCADA has created a Young Dealers Group for Dealership personnel under the age of 40. This is anyone who is currently working (in any capacity) at the Dealership with the intent of eventually being the Dealer principal. Some young Dealers are already making the key management decisions for the Dealership, while others are just starting their careers with the company. Either way, the goal is to identify them, and to get them informed and aware of how we can assist their businesses. If you know of or are a Young Dealer, please fill out the form below and we will keep you updated on upcoming events!

Our goals are to:

- Identify our future and current young Dealers
- Educate
- Inform
- Build relationships
- Assist business

Our Young Dealers will learn:

- Association resources
- SCADA governance
- SC regulatory issues
- SCADA specific legal issues
- The SC political system
